j2 Global, Inc. Once Again Recognized as One of Top Technology Innovators Across the U.S.

For the Third Straight Year, j2 Global(R) Is Ranked on the InformationWeek(TM) 500 List of Leading Technology Companies in the U.S.

LOS ANGELES, CA -- (Marketwired) -- 09/10/13 -- j2 Global, Inc. (NASDAQ: JCOM), a provider of business cloud and digital media services, today announced that it has once again been recognized on this year's InformationWeek™ 500 -- a ranking of the top technology innovators in the U.S. Founded in 1995, j2 is a provider of Internet services through two divisions, business cloud services and digital media. The ranking comes on the heels of the company's most successful quarter in the company's history, announcing record quarterly results, including a record 58% year-over-year increase in revenue, while enjoying its highest-ever customer loyalty numbers. j2 president Scott Turicchi highlights the record Q2 results in this [online presentation](#).

The brands of j2 and its subsidiaries include [eFax®](#) (online fax), [eVoice®](#) (virtual voice), [KeepItSafe®](#) (online backup), [Onebox®](#) (unified communications), [Campaigner®](#) (email marketing), [FuseMail®](#) (hosted email) and [Ziff Davis](#) (digital media).

"This recognition reflects the hard work and dedication of our employees around the world," said j2 CEO Hemi Zucker. "No matter how advanced our global infrastructure and networks become, it takes a talented team and a company-wide effort to ensure that the technology is working efficiently and optimally. Without this type of talent and focus, it would not be possible for us to achieve the high standards required to be ranked as one of the top technology innovators in the U.S. We congratulate our employees for once again being the catalyst that allows us to receive this type of recognition."

"The theme of this year's InformationWeek 500 is digital business. It's a movement, rooted in data analytics, mobile computing, social networking and other customer - focused technologies that are turning companies and industries on their ear," said InformationWeek Editor In Chief Rob Preston. "Every enterprise is now a digital business -- or needs to become one fast. The organizations in our ranking are leading the way."

InformationWeek identifies and honors the nation's most innovative users of information technology with its annual InformationWeek 500 listing, and also tracks the technology, strategies, investments, and administrative practices of some of the best - known organizations in the country. Past overall winners include Beth Israel Deaconess Medical Center, PACCAR Inc., The Vanguard Group, CME Group, National Semiconductor, Con - Way, and Principal Financial Group. Unique among corporate rankings, the InformationWeek 500 spotlights the power of innovation in information technology.

Additional details on the InformationWeek 500 can be found online at www.informationweek.com/iw500/.
